

2013 Select Tryout Schedule

Please note, tryouts will continue as noted below until a team is selected. Some teams may be fully selected in one week, and some teams may take up to 3 weeks. If a team is selected in fewer than 3 weeks, the spots noted below will become practice slots for the teams formed in earlier tryout sessions. Contact the Head Coach for details.

Fourth Grade Developmental Program

This year GFHoops will pilot a developmental program for 4th Graders who plan to play in House league but seek additional training and opportunities for a higher level of competition (especially for players who participate in summer basketball or AAU basketball).

In the developmental program, up to 10 boys and 10 girls would be selected via open tryouts. The selected players would participate in 4th grade House League as their first priority, but would also have one development team practice per week and would participate in a limited number of local tournaments.

We will work to avoid any schedule conflicts between House League and developmental activities, but in all cases, participation in House League practices and games will need to be a clear first priority in order to make the developmental program feasible.
